

Dear Shuji Yamamoto,

In checking your manuscript submitted to the Journal of Medical Imaging, we noticed the following issues which must be addressed before we can begin the peer review process. Your paper has been placed back in the Author Approval Folder where you may access it after logging in at the following URL:

<https://authorhub.spie.org/>

1. Your figures must be placed within your manuscript text (with their captions) near where they are first mentioned in the text (rather than the end of your manuscript).
2. Please remove the line numbers from your Supplementary Material file.

Please make the corrections as specified above. If you have any questions, please feel free to contact us.

Sincerely,

JMI Editorial Office
SPIE Journals Department
